

Funding from pharmaceutical companies

We receive financial support from a number of pharmaceutical companies who share our aim of preventing people from getting meningitis. We receive no more than 15% of our total income from pharmaceutical companies, and these sponsors do not influence the work we provide but fund strategically important projects.

Funding overview

| Company | 2017 (£) | 2018 (£) | 2019 (£) | 2020 (£) |
|---------|-------------|-------------|-------------|-------------|
| GSK | 162,000 | 118,111 | 115,000 | 131,290 |
| Pfizer | 111,593 | 119,528 | 150,950 | 135,000 |
| Sanofi | 15,000 | 25,000 | 54,240 | 90,000 |

Projects funded
