

Reduce, reuse, recycle!

At Meningitis Research Foundation, we're very aware of how climate and weather patterns can influence disease. That's why we are committed to promoting a sustainable and environmentally friendly approach!

How can you help?

Collection tins/buckets

We love reusing our tins/buckets, please send yours back when you are finished.

Banners

These are 100% recyclable and can be recycled via your household plastic recycling box.

Stickers

Please dispose of the sheets in the paper recycling.

Cardboard collection boxes

These are 100% recyclable and can be recycled via your household plastic recycling box.

Paper Resources

These can be recycled in your household paper recycling bin.

Any unused resources

Anything you don't use please send back to us so we can reuse it and send it out to our other amazing fundraisers!

Did you know
climate change
can affect
meningitis? ”
